## With New Beginnings, Come New Strength and New Thoughts

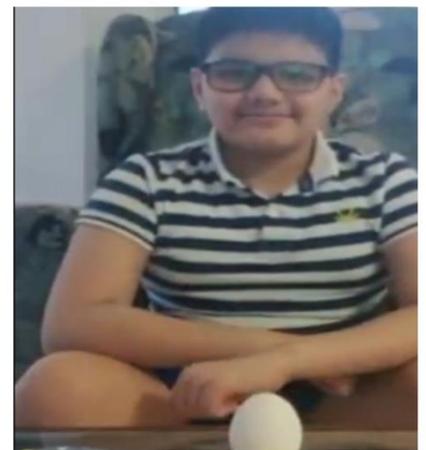

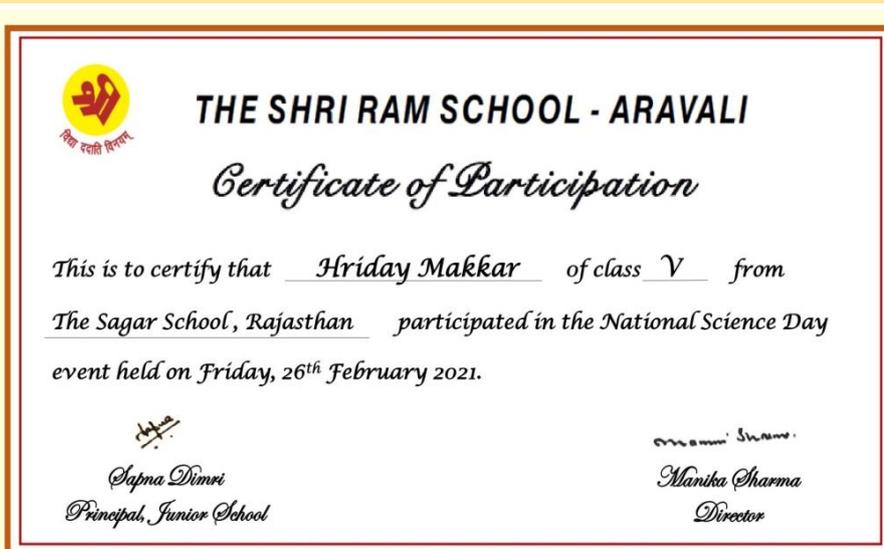

*“You don't have to be great to start but you have to start to be great.” – Zig Ziglar*

With plenitude of prayers and aspirations, the new academic session of Class XII has started off in full swing. The students have arrived at the campus and their joy knows no bounds! Our school is the safest haven on this planet. With the perfect balance of sanitation, sunlight, rest, exercise, diet and friends, Sagarians are getting ready to take on the world. They are on the right path with the right spirit.

# Celebrating National Science Day

A Virtual Collaborative Project was organised by The Shri Ram School, Aravali honoring Nobel Laureate C. V. Raman on National Science Day. The workshop had presentations by student delegates from schools all across the country. The Sagar School was represented by our bright Science Wiz kids Hriday Makkar and Lizahvi Yepthomi, both from Class V. The students presented experiments on Gravity, with an egg experiment and on Scientific Food Preservation techniques.

The presentations were quite appreciated and applauded by the members of other schools and the host school - as our students presented with some wit and humour element. Such platforms provide an enriching learning exposure to the students-wherein their communication and presentation skills are further enhanced, polished and improvised. It was quite an innovative creative session, wherein some of the mysteries of science were unravelled!

# NEP – 2020 Webinar

*“The more (the) teachers, parents, (and) students are associated with education policy, the more relevant and broad-based it will be.”- Prime Minister Shri Narendra Modi*

## NEP Webinar at The Sagar School :

On 24<sup>th</sup> February, the school hosted a webinar for the parent-community to discuss and deliberate on the highlights of the New Education Policy, 2020. Principal, Dr. Amlan K. Saha addressed a gathering of keenly interested parents. Members of the parent-community shared their thoughts and opinions and voiced their expectations during the Feedback Session.

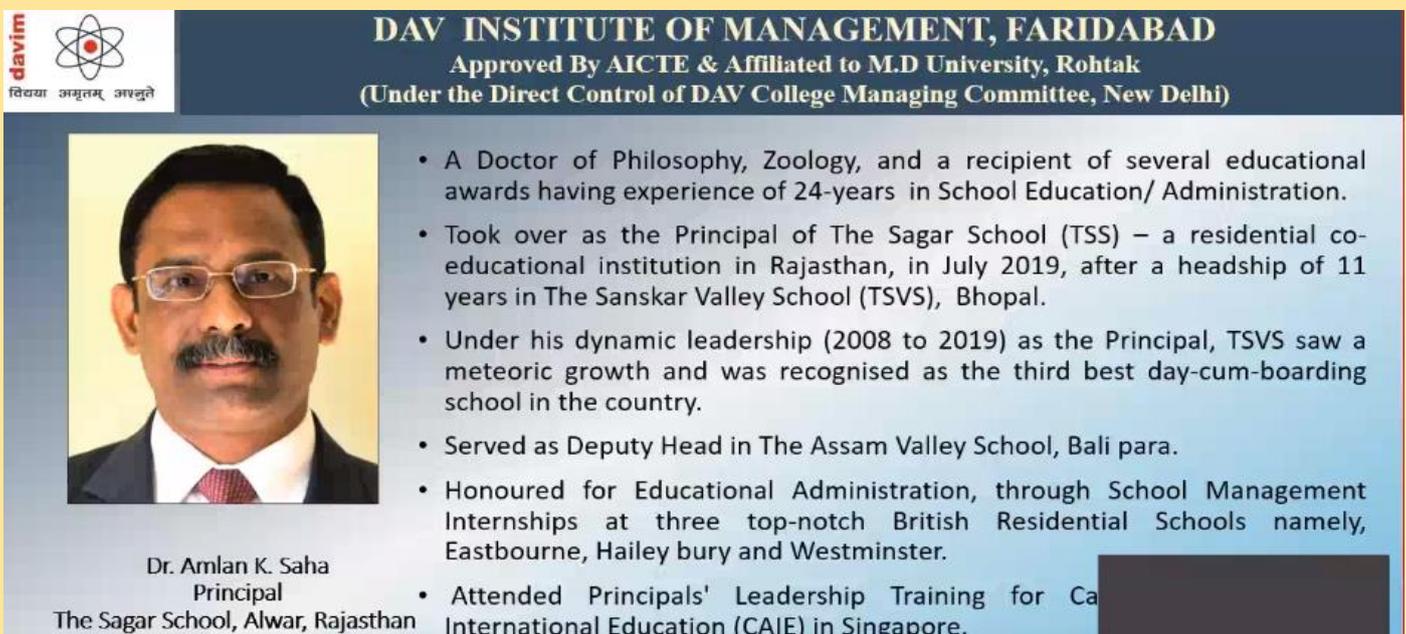

**NATIONAL EDUCATION POLICY, 2020**  
Implementing in CBSE Schools

**Key Principles of NEP-2020**

- Respect for Diversity & Local Context**  
In all curriculum, pedagogy, and policy.
- Equity & Inclusion**  
As the cornerstone of all educational decisions.
- Community Participation**  
Encouragement and facilitation for philanthropic, private and community participation.
- Use of Technology**  
In teaching and learning, removing language barriers, for Divyang students, and in educational planning and management.
- Emphasize Conceptual Understanding**  
Rather than rote learning and learning-for-exams
- Unique Capabilities**  
Recognizing, identifying them in each student.
- Critical thinking and Creativity**  
To encourage logical decision-making and innovation
- Continuous Review**  
Based on sustained research and regular assessment by educational experts.

## NEP Conclave organised by D.A.V. Institute of Management, Faridabad :

Principal, Dr. Amlan K. Saha was invited as a Speaker to share his valuable insights on “National Education Policy 2020: Transforming the Culture of Assessment Pattern” in a National E-Conclave, where the role of schools for attainment of objectives of the New Education Policy including teaching and learning was discussed.

# Year End Exam Commences

*“Playgrounds are vacant, evenings are silent,  
The textbooks are taken and we are early-morning awoken;  
With reference-books and guides, and practical file besides,  
Various doubts and unclear concepts arise, seeing the book’s splendid size.”*

The Year End examination of Classes IV to VIII has begun. This whole session was a mix and match of curiosity and calmness, in learning and growing. The juniors not only thrived on their hard work but also adapted to the unprecedented times and their techniques. Now they are all set for the final challenge and we have conviction that they will qualify this round with flying colours.
